MEMORANDUM FOR: DEPUTY DIRECTOR (ADMINISTRATION)

SUBJECT : Estimates for Proposed CIA Building

1. In accordance with your request Mr. Harry G. Hunter, Deputy Commissioner, Public Buildings Service, was contacted on 2 February 1953 regarding their estimate dated 7 November 1952. This estimate included purchase of property (squares 33, 44, and 20) and the construction of two buildings. Mr. Hunter indicated that:

a. Probably permission to close 24th Street between E and F Streets N.W. could be obtained. In view of this possibility he suggested that requesting presentation should read "for construction of a building or buildings" in lieu of for construction of two buildings.

b. This Agency would be expected to justify the need for the proposed building and that PBS would justify the estimate for construction cost.

c. Sketches or preliminary drawings are not usually required or desirable and that the estimate is believed to be adequate for presentation purposes.
